## PARTS WASHER CLEANER CONCENTRATE

Surge Industrial® Parts Washer Cleaner Concentrate is specifically formulated for the “Parts Washer Environment” and the rigors of being used in a tank for an extended period of time.

The Concentrate when diluted with water will allow you to customize the formula specific to your cleaning needs and can also be used across multiple applications.

- Disposable\*
  - Non-Hazardous
  - Neutral pH
  - Residue-Free
  - Non-Toxic
  - Easy-to-Rinse
  - VOC Compliant
  - Safe on all hard surfaces: Metals, plastics, paint, laminates and more
  - Biodegradable
- (Test on sample area first)

## APPLICATION & INSTRUCTIONS FOR USE

Customizable/scalable to cleaning needs and can be used across multiple applications (Refer to dilution chart below for suggested applications and ratios). Best used for applications that do not heat to 120°

SUGGESTED RATIO** (Water : Surge)	SUGGESTED APPLICATIONS
1:1	Heavy Duty
3:1	Heavy to Medium Duty

\*\*TEST RATIO PRIOR TO USE. Use your own mixtures depending on type of dirt or component to be cleaned.

Intended for the following parts washers:

- Manual Parts Washers
- Agitation Lift Parts Washers
- Ultrasonic Units

NOT intended for the following parts washers:

- Automated Cleaning Parts Washers
- Brake Washers
- High Pressure Spray Washers
