

# CAPABILITY STATEMENT

Manufactured by  Premalux LLC

Contact: Ann Fisher-Yan, CEO • 330.995.4000 • ayan@premalux.com

## CORE COMPETENCIES

Surge Industrial Cleaners are water-based pH neutral solutions that cut through the toughest dirt, grease, and grime. They perform and act like solvents but are easier on the end user and the environment.

- Water based cleaners
  - Industrial Strength Cleaner Degreasers
  - Food Grade Cleaner Degreasers (NSF Certified, Category A1)
  - Multi-Purpose Towels
  - Carpet Cleaner
  - Floor Cleaner
  - Glass & Surface Cleaners
  - Parts Washer Cleaners
  - Laundry Detergent
- A green alternative to caustic solvents
- Biodegradable, Non-Hazardous, Non-Flammable, Disposable, VOC compliant, neutral pH
- Used in automotive, industrial manufacturing, commercial kitchens, facility maintenance, labeling, fabricating and other industries

## PAST PERFORMANCE

- Manufactured \$10 million of custom product for Hoover Floorcare company over 4 years.
- Quarterly sales of hard surface cleaner concentrate in totes and ready to use 32 oz. sprays to Ford Automotive for cleaning floors (used in commercial floor cleaners), walls and parts on the line. Developed gel cleaning product to fit their needs.
- Products distributed by MSC notably to Avery Dennison for floor care and labeling machine cleaning.
- Products distributed by Grainger notably to Spartan Light Metal Products.
- Parts washer cleaner sales to Transtar for cleaning transmission parts for rebuilds for after market sales.

## DIFFERENTIATORS

- Proprietary industrial, aqueous, and biodegradable cleaning chemistry that is safer on the end user, surface being cleaned, and the environment.
- On-staff chemist with ability to adjust formulas or develop new ones to suit the needs of the customer. Extensive background and experience in developing products beyond just cleaners.
- Manufacturer with ability to fill 500ml to 5,000 gallon tankers, and service both domestic and international accounts.
- Environmental impact considered while developing products with focus on creating neutral pH, non-toxic, non-hazardous, and biodegradable cleaners.
